ALLIES & ORGANIZATIONS

From the cubical labyrinths of Morgan Stanley and the vast basements of McGill University comes a robot fluent all the tools necessary for application development. She has endured many battles gaining her the necessary experience for facing future coding endeavors. In recent years she has faced the almighty Pega, injected fields of beans, and joined countless tables. But now begins a new adventure where this robot turns her hobbies into employment. This time she will try to tackle the Shopify recruiting process to do UI/UX or web dev work.

CHARACTER BACKSTORY

Volunteering for the Mathematics Undergraduate Society. Making their emails, community outreach, events, and sweatshirts.

Volunteering for CTF. Running elections for approximately 30 different student groups at McGill. Solving responsive design issues for other clubs, developing the CTF main website, and our other applications. Community outreach, event coordination, and sweatshirts.

Commission work for the Classics Undergraduate Society. Making covers, posters, submissions, and logos.

Participating in coding hackathon events and meeting fantastic people :)

ADDITIONAL FEATURES & TRAITS

The love and support of all the people I met in my life. Without them I would not be the person I am today.

Nachos.
